A business owner smiles as a semi backs into a delivery bay. The same attractive driveway that supports this weight welcomes every customer into his showroom.

**Uni-Anchorlock® Stronger than the road.**

Created to endure heavy-duty industrial applications, Uni-Anchorlock® is a well-known and respected commercial paver. Its unique design uses short joints in an L-shaped configuration for strength and stability. They also act as an anchor, preventing twisting, tipping or lateral movement when stressed. Uni-Anchorlock® is ideal for large-scale mechanical installation and has a high load-bearing capacity. Look for it under the toughest vehicles at ports, terminals, roads, parking lots, rest areas, factory streets and anywhere else hard work is getting done.

**Front and Below:** Uni-Anchorlock® stands up to the strong demands of traffic at the Port of Tampa.

**UNI-ANCHORLOCK®**  
 8 7/8 x 4 5/8 inches (224 x 116 mm)  
 3 1/8 inches (80 mm) thick  
 Approx. 2.41 pavers/ft<sup>2</sup>

**The PaverSystems Quality Assurance™** Our pavers are designed to the highest standards for durability, color and texture. All PaverSystems™ pavers comply with or surpass ASTM C-936-01 standards.
